

MILLWORK

Custom Millwork Expertise Solutions to Meet All Your Functional Needs

At Evans, we are not just custom console manufacturers — we are craftsmen. As the premiere custom console provider, we routinely include custom cabinetry, credenzas, tables, work surfaces and just about anything our clients require to ensure a complete control room solution. Our craftsmen are true masters of woodworking, and as such, we ensure matching custom millwork is of the highest quality and complements your control room while adding user functionality — just as you'd expect from any Evans' console.

By combining your console solution with matching customized woodwork, you can create a seamlessly integrated control room environment. Create extra worksurface space, add storage, integrate a meeting space or even incorporate a boardroom or reception area — these are just some of your needs we can address with our custom millwork solutions.

Remember, whatever your requirements are, Evans has the experience and creativity to provide you with an impressive and functional work environment. We are the industry's custom console specialists — customization *is* the Evans difference.

Evans Everywhere...

Millwork Capabilities

Credenzas & Pedestals

As one of the most common client requests, extra storage for your operators can easily be facilitated by custom credenzas or pedestals of which Evans can match to your consoles exactly.

Boardroom & Conference Tables

Evans' skilled craftsmen have created some of the most impressive custom boardroom and conference tables for clients over the last 25 years. Whether it's a simple meeting table or a Fortune 500 boardroom centerpiece, Evans has the capabilities to exceed your expectations.

Wall Units & File Cabinets

Custom cabinetry and shelving can be designed to your specific needs and matched to your control room environment to offer yet another alternative to the perpetual need for more integrated storage space.

Islands & Peninsulas

Additional workspace space is another common requirement that Evans can incorporate into the room design to meet your needs. Islands and peninsulas can be custom additions to your console solution giving you a functional and efficient work environment.

Custom Worksurfaces and more...

As the industry's custom console specialists, only Evans has the experience and capability to create a functional and integrated work environment that is only limited by your imagination!
